COMMENCEMENT

UNIVERSITY OF ILLINOIS CHICAGO
May 8–11, 2025

JESSE H. RUIZ

CHAIRMAN OF THE BOARD OF TRUSTEES

On behalf of the Board of Trustees, it is my distinct honor to extend heartfelt congratulations to the University of Illinois Chicago Class of 2025. Your dedication, resilience, and hard work have brought you to this remarkable milestone. As you step into the next chapter of your lives, remember that you carry with you the knowledge, skills, and values that will empower you to make a positive impact on the world.

We are incredibly proud of your achievements and excited to see the great things you will accomplish. The future holds for you countless opportunities, whether you choose to continue your education, launch your professional career, or pursue your passions and experience life in other ways. Your time at UIC and the connections you have made here in Chicago have provided you a foundation that will propel you on your journey ahead.

As you venture ahead as a proud alumnus, know that you will always have a home here at the University of Illinois Chicago. You are now part of a network of alumni that is 800,000 strong, demonstrating that the University of Illinois System offers a best-in-class educational experience for students like you, now ready make your indelible mark on the future.

You are stepping into a world full of endless possibilities, and your potential to succeed is limited only by your own imagination. We encourage you to embrace the challenges and opportunities that come your way with confidence, determination, and resolve. You can rely on your experience as a UIC Flame to have prepared you for this moment and the moments to come. We believe in you and look forward to witnessing your continued success.

Congratulations again, class of 2025!

TIM KILLEEN

PRESIDENT

To the Class of 2025, congratulations!

You have followed your dreams down a long and winding path, achieving your degree through hard work and determination. As a newly minted graduate of the University of Illinois Chicago, you are well prepared to pursue the opportunities of your choosing.

At this incredibly important milestone in your life, I would encourage you to reflect upon all of the people you have met on your journey to graduation—the lifelong friends, the sage faculty members and mentors, the helpful staff and other people you encountered in your daily routines.

The fond memories and meaningful experiences are yours for a lifetime, no matter where the road takes you. In a world that presents plenty of opportunities to contribute and make a difference, you are ready to play an essential part—in the workplace, in your home, and as a fully engaged citizen in your community.

Today is your day to celebrate and take pride in all that you have accomplished, to thank your family and all who have supported you and believed in you, every step of the way. This is a great achievement that you should celebrate and share with the world.

Savor every moment of this day—every precious second.

And know that you are an important member of the University of Illinois System alumni family, which now numbers almost 870,000 around the world.

In the years ahead, we hope to hear from you often. We look forward to welcoming you home to UIC and learning of your discoveries and successes.

I am deeply honored to celebrate with all of you.

Congratulations again, Class of 2025!

MARIE LYNN MIRANDA, PHD

CHANCELLOR

To the UIC Class of 2025:

Congratulations! We are all so proud of you.

UIC's mission is to provide the broadest access to the highest levels of educational, research, and clinical excellence. Our top priority is student success—to equip you with degrees that will allow you to compete globally and lead meaningful lives. You are the living embodiment of our belief that access and excellence can be achieved simultaneously. You have played an important role in elevating UIC's profile as a place that supports innovation and creativity and drives the social and economic mobility of its students.

Your time on UIC's campus has likely been filled with challenges, successes, and countless moments of personal growth. Today's ceremony is a testament to your perseverance and resolve. I am honored to celebrate this important milestone with you.

On behalf of the entire UIC community, I extend my heartfelt congratulations and deepest gratitude for the unique contributions you have made to our university. We take immense pride in your achievements and look forward to following your successes in the years to come. Please stay connected to UIC—you will always be important to us.

2025 COMMENCEMENT SPEAKER

College of Engineering

TEJAL A. DESAI

SORENSEN FAMILY DEAN OF ENGINEERING,
BROWN UNIVERSITY

Tejal A. Desai is currently the Sorensen Family Dean of Engineering at Brown University. An accomplished biomedical engineer and academic leader, Desai has provided leadership that has dramatically expanded the impact and reach of the engineering profession over the past two decades. Prior to coming to Brown, she was the Deborah Cowan Endowed Professor and Ernest Prien Chair of the Department of Bioengineering & Therapeutic Sciences at University of California, San Francisco (UCSF); and Professor in Residence, Department of Bioengineering, University of California, Berkeley (UCB). Desai received her BS from Brown University in biomedical engineering in 1994 and was awarded a PhD in bioengineering jointly from UCSF and UCB in 1998.

Desai's research spans multiple disciplines including materials engineering, cell biology, tissue engineering, and pharmacological delivery systems to develop new therapeutic interventions for disease. She seeks to design new platforms, enabled by advances in micro and nanotechnology, to overcome existing challenges in therapeutic delivery. Desai is an elected member of the National Academy of Medicine, National Academy of Inventors, and National Academy of Engineering. She was also awarded the Robert A. Pritzker Distinguished Lecture Award at the Biomedical Engineering Society Annual Meeting—the highest honor the organization can bestow upon an individual who has demonstrated impactful leadership and accomplishments in biomedical engineering science and practice. In addition to authoring more than 300 publications and patents, Desai has also cofounded several start-ups based on technologies emerging from her lab.

A vocal advocate for education and outreach in STEM, Desai has worked to cultivate a climate of inclusion in STEM, earning several recognitions including the American Women in Science (AWIS) Judith Poole Award in Mentorship and the UCSF Chancellors Award for the Advancement of Women. To foster the next generation of scientists, she has been involved in the SF Science Education partnership and has worked with outreach organizations such as the Lawrence Hall of Science, PBS, and the UN Women's council to develop hand-on exhibits and videos related to nanotechnology and women in engineering. She also serves on the external advisory boards of several biomedical/engineering research institutions across the country.

ACADEMIC DRESS

Academic dress, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Subsequently, material of the gown and the lining and the shape of the hood represented the economic and social as well as the academic status of the wearer.

In the United States, the great majority of the academic costumes now worn are in accordance with the general provisions of the Intercollegiate Code of 1895, which was revised in 1932 and again in 1960. Under this code the bachelor's gown has pointed sleeves, the master's gown has oblong sleeves with an arc at the bottom, and the doctor's gown has bell-shaped sleeves. All gowns were originally black, although the adoption of colored gowns by individual institutions in the United States is becoming more prevalent.

The bachelor's and master's gowns are untrimmed. The doctor's gown is faced down the front with velvet and has three bars of velvet across the sleeves. The facing and bars may be black or may be the color of the subject to which the degree pertains. Material of the gown and hood for the bachelor's and master's degree is usually of cotton poplin, and for the doctor's degree, of rayon or silk ribbed material. The bachelor's gown is worn closed; the master's and doctor's gowns may be worn open or closed. Women may wear white collars with the bachelor's gown when no hood is worn.

The hoods, which differ in length for the three degrees, are lined with the official colors of the university or college conferring the degree, usually with one color forming a chevron pattern over the other. The bachelor's hood is three feet in length; the master's hood is three and a half feet, and the doctor's hood is four feet long. At the University of Illinois at Chicago the lining of the hoods is flame and indigo. For PhD students, the trim of the hood is indigo. For other doctoral students and for master's students, the velvet trim at the edge of the hood denotes the field of study. UIC graduating seniors do not wear hoods.

The mortarboard cap is standard in the United States. Usually all tassels are black, but where the graduating seniors do not wear a hood, as at the University of Illinois, the color of the cap tassel indicates the type of degree earned. Students receiving a bachelor of arts degree wear white tassels; those receiving a bachelor of science degree wear gold. Doctor's caps may have tassels of gold thread. At the University of Illinois, candidates for degrees wear tassels on the right front quadrant of their caps before degrees are conferred and change them to the left front quadrant after degrees are conferred by the president. Caps are considered a part of the costume.

Gold, silver, and bronze cords worn by some graduating seniors signify the three levels of University Honors. Gold cords signify summa cum laude, silver cords signify magna cum laude, and bronze cords signify cum laude. Gold stoles identify graduates who are members of the Honors College. Red cords distinguish students who have been recognized for service and/or leadership. Some students also wear cords or stoles signifying their membership in campus organizations or activities. The Jewel of Office and gold collar, which is worn by the president, was presented to the university by the University of Illinois Alumni Association. It is emblematic of the Office of the President and is worn at all formal academic ceremonies. On the collar are engraved the names of the presidents of the university and their years of service. Trustees of the university are identified by their blue gowns with blue velvet panels outlined in orange cord.

For all academic purposes, the colors associated with the different subjects are as follows:

Agriculture	Maize
Applied Health Sciences	Green and Gold
Architecture and the Arts	Brown
Business Administration	Royal Blue
Dentistry	Lilac
Economics	Copper
Education	Light Blue
Engineering	Orange
Forestry	Russet
Health Professions Education	Gold
Journalism	Crimson
Law	Purple
Liberal Arts and Sciences	White
Library Science	Lemon
Medicine	Green
Music	Pink
Nursing	Apricot
Oratory (Speech)	Silver Gray
Pharmacy	Olive
Philosophy	Dark Blue
Public Administration	Peacock Blue
Public Health	Salmon
Social Work	Citron
Theology	Scarlet
Urban Planning	Wedgewood Blue
Veterinary Science	Gray

(UIC does not offer all of these degrees; however, faculty and platform party members may hold degrees in these areas.)

This program contains official lists of names of graduates who received degrees in summer and fall 2024 from colleges that did not participate in fall commencement and unofficial lists of names of candidates for spring 2025 graduation. The names of spring 2025 graduates are as accurate as possible. However, due to printing deadlines, the names of some degree recipients may not appear, while names of degree candidates may appear even though they have not completed their degrees. The University of Illinois Chicago's official registry for conferral of degrees is the Office of Admissions and Records.

The following symbols are used in this program:

Honors College (undergraduate students who are members of the Honors College)

† **Cum Laude**

‡ **Magna cum Laude**

§ **Summa cum Laude**

* **College Honors** (College of Education)

** **Bell Honor Award** (College of Engineering)

†† **Beta Gamma Sigma** (College of Business Administration)

1 **Rho Chi** (College of Pharmacy)

2 **Phi Lambda Sigma** (College of Pharmacy)

UNIVERSITY HONORS POLICY

The three levels of university honors listed below will appear on UIC transcripts for undergraduate students participating in spring 2025 Commencement ceremonies.

Summa cum Laude ("Highest praise"): 3.90 and above grade point average

Magna cum Laude ("High Praise"): 3.75 to 3.89

Cum Laude ("Praise"): 3.50 to 3.74

University honors will be awarded solely on grade point average earned at UIC. The determination of university honors for spring 2025 candidates for graduation will be based on grades reported through the end of the term prior to graduation. UIC will make permanent adjustments to the list of students receiving university honors based on final grades.

The School of Law also awards Latin honors with the top 1 percent of the JD graduating class earning summa cum laude, the top 4 percent earning magna cum laude, and the top 15 percent earning cum laude.

Doctoral (all Doctor of Education, Doctor of Nursing Practice, Doctor of Occupational Therapy, Doctor of Philosophy, and Doctor of Physical Therapy) and master's (all Master of Architecture, Master of Arts, Master of Arts in Teaching, Master of Design, Master of Education, Master of Fine Arts, Master of Health Professions Education, Master of Healthcare Administration, Master of Public Administration, Master of Science, Master of Science in Teaching, and Master of Urban Planning and Policy) degrees conferred by the Graduate College are listed under the respective disciplinary college.
